April 8, 2024

About Zetetick Housing Charity

Zetetick provides quality supported living homes to adults with physical or learning disabilities, autism and/or mental health problems. We are passionate about our cause to help those marginalised by society. The homes we provide are sanctuaries for those we support.

Supporting us with volunteer work will assist greatly in helping our tenants to make the most of their garden space over the upcoming spring and summer months.

Job Description – Volunteer Gardener

We are looking for people who resonate with our Bedrock values and share our passion for helping others.

As a gardening volunteer, you will help our Maintenance and Support team either in Sussex or Croydon with tidying up and clearing gardens to benefit our tenants.

No experience is needed to become a gardening volunteer, but you should bring with you an enthusiasm and willingness to help.

If you have some hours to spare during the week over the coming months, we'd love to hear from you.

References will be required and DBS checks will be undertaken to safeguard our tenants and their carers.

What does volunteering mean for you in return?

Our volunteer jobs are a great opportunity for people with some spare time who want to keep themselves busy or those who work flexibly during the week and have free time.

We're committed to creating fair volunteering opportunities. With Zetetick, you will work with our Maintenance & Support team as a gardening volunteer, may learn new skills, and get to be involved with a successful non-profit organisation and its staff.

You will have the satisfaction of a job well done, supporting adults with learning disabilities and/or autism to enjoy the most out of their gardens.

We will pay for reasonable travel and lunch expenses and you will be able to put volunteer work on your CV.

Get in touch for volunteer gardening jobs

Our charity is a home for hardworking volunteers who are ready to get stuck in and support our staff with their day-to-day activities.

If you're looking for volunteer jobs in Croydon or Sussex, please email us at engagement@zhc.org.uk with your interest and we'll get back to you.

We look forward to hearing from you.
